EXPERIENCE

Frontend Developer Threecolts India Pvt. Ltd., Lucknow, Uttar Pradesh	<i>October 2024 – Present</i>
---	-------------------------------

- Leading frontend development for **UniCon**, a unified multichannel e-commerce platform centralizing product listing, fulfillment, and analytics for marketplaces like Amazon, Walmart, TikTok Shop, and SHEIN. Focused on scalable UI architecture, reusable components, performance optimization, and workflow automation.
- Worked on the **CedCommerce TikTok Shop** app, contributing to its migration from a public source to the Shopify App Store by improving app configuration, theme embedding, and merchant onboarding flow.
- Customizing and developing Shopify themes for **Amazon Buy With Prime (BWP)** clients, aligning with brand guidelines and Liquid architecture. Improving storefront responsiveness and performance through reusable Liquid sections and modular CSS.
- Contributing to the front-end development of **CedCommerce's TEMU Integration**, implementing UI components, and helping with integration workflows.
- Supported the **Etsy Integration - Cedcommerce** app in achieving the **Built for Shopify** badge by improving accessibility and performance metrics using Lighthouse audits and Shopify's accessibility guidelines.

Associate Software Engineer Cedcoss Technologies Private Limited, Lucknow, Uttar Pradesh	<i>June 2022 – October 2024</i>
--	---------------------------------

- Developed and maintained sales channel applications, including the **CedCommerce Amazon Channel** and **Shopify-SHEIN Integration**, using React.js, Redux Toolkit, Shopify Polaris, Ant Design, and styled-components.
- Enhanced frontend performance, accessibility, and responsiveness through modular component refactoring and testing with Jest and React Testing Library.
- Collaborated within Agile teams to improve release cycles, enforce code quality using SonarQube and ESLint, and maintain production-grade React applications.
