OBJECTIVE

An enthusiastic learner, searching for an internship or job opportunity in an esteemed organization, in a positive hope to learn, enhance, and cherish my skills. I am confident that this internship or job will provide me with invaluable exposure to advanced research, hands-on development, and collaboration with industry experts. Moreover, I am eager to contribute my technical skills and knowledge to ongoing projects and make a meaningful impact within the research and development community. I recently got selected in a youth exchange program “YUVA SANGAM Phase-4” as a UP delegate under the **Ministry of Education** initiated by **Government of India, AICTE**, where I have represented the voice and vision of the youth shaping the India’s future.
