Experience/Projects

Cognizant Technology Solution Pvt Ltd

08/2023 – Present

Programmer Analyst

Noida, India

- Collaborated with cross-functional teams to understand business requirements and detailed test plans and strategies.
- Designed, executed, and maintained manual test cases for functional and regression testing across different modules.
- Developed and maintained automation scripts using Selenium WebDriver with RestAssured.
- Executed smoke, sanity, and functional tests to ensure stability after every release.
- Integrated test automation with Jenkins for continuous testing, ensuring fast feedback during build deployments.
- Contributed to sprint planning and actively participated in Agile ceremonies like daily standups and retrospectives.

Cognizant Technology Solution Pvt Ltd

08/2022 – 08/2023

Programmer Analyst Trainee

Noida, India

- Designed and executed manual test cases for web and mobile applications, covering functional, smoke, and regression testing.
- Conducted exploratory testing on new features and modules.
- Automated key test scenarios using Selenium WebDriver to speed up regression testing cycles.
- Performed cross-browser testing and reported UI/UX inconsistencies across different platforms.
- Analyzed API requests and response using Postman, and validated data with SQL queries.

Cognizant Technology Solution Pvt Ltd

02/2022 – 08/2022

Internship

Hyderabad, India

- Worked closely with development and product teams to ensure timely identification and resolution of defects.
- Documented test results, prepared test reports, and presented quality metrics to project stakeholders.

Projects

API Testing for Banking Application

- Manually tested REST APIs for a banking platform to validate functionality, security, and performance.
- Automated API tests using RestAssured to verify endpoints such as account management, transactions, and loan approvals
- Tested data integrity by querying databases and comparing API responses with expected results.

Education

Shri Ramswaroop Memorial College of Engineering and Management

July 2018 – Sep 2022

Bachelor of Technology

Lucknow, UP
