PROFESSIONAL SUMMARY

Aspiring Software Developer with hands-on experience in building Java-based projects and a solid foundation in full-stack development. Proficient in implementing CRUD operations, database management, and modular application design. Passionate about learning new technologies and developing efficient, user-friendly solutions. Committed to continuous improvement and applying best practices in software development.

EDUCATION

Shri Ramswaroop Memorial College of Engineering and Management, Lucknow, U.P.	2020-2024
• Civil-Engineering CGPA: 7.54	
Lucknow Public School, Lucknow, U.P.	2019-2020
• CBSE (Class XII) Aggregate: 78.4%	
Lucknow Public School Lucknow, U.P.	2018-2019
• CBSE (Class X) Aggregate: 74.9%	

SKILLS

- Languages: Java, HTML, CSS, SQL
- Tools & DevOps: GitHub, Tailwind, MS Excel, MS PowerPoint
- Interests & Soft-Skills: Leadership, Team Management, Problem-solving, Detail-oriented, Adaptability.

PROJECTS

Shape Based Project:

- I designed and implemented an engaging educational game tailored for students in classes 6 to 12th, aimed at enhancing their understanding of 2D and 3D shapes. The game features a user interface where students can interact with various shapes by clicking on them.
- It uses object-oriented programming principles, I incorporated key concepts such as has-a-relationship, method overriding, method overloading, constructor overriding, inheritance, and upcasting to create a robust and extensible codebase.

Product Based Project:

- Built a Java-based **Product Management System** to facilitate seamless CRUD (Create, Read, Update, Delete) operations for various product categories. Designed and implemented a scalable architecture integrating backend business logic with a relational database for efficient data storage and retrieval.
- Enhanced user experience by adding features like advanced search, sorting, and input validation. Implemented dynamic search and sorting mechanisms for enhanced usability, allowing users to filter products by attributes such as price, category, or name.

TRAINING

- Java Full Stack Development
Q|JSpiders, Offline July 2024
- Free Code Camp
Frontend Development
- TCS Ion
Career Edge –Young Professional

HOBBIES/EXTRA-CURRICULAR ACTIVITIES

- Traveling
- Movies
- Sports & Games
