

Objective

Looking for an opportunity to contribute to a collaborative team, while gaining experience in technical domain.

Professional Experience

❖ Customer Abuse Prevention Associate (DP)

Amazon Development Centre India Pvt. Ltd.
07/2024 – 11/2024

- As an Amazon Customer Service Associate, I had a very clear purpose: to prevent issues, solve queries, and delight our Amazon customers.
- I interacted with our customers by answering their requests through phone, chat and/or email.
- Helped customers in resolving their queries regarding everything related from order and product questions to payment matters and website guidance.
- I as a Customer Service Associates used a variety of tools to navigate, research, and review solutions, and communicate effectively with customers.

❖ Junior QA Analyst

Cedcoss Technologies, Lucknow.
11/2024 – 01/2025

- Performed functional, regression, and smoke testing on multiple platforms to verify the software's functionality and stability after each build release.
- Collaborated with the development team to reproduce bugs, report defects, and verify their resolutions using JIRA and other bug tracking tools.
- Actively participated in daily stand-up meetings and sprint reviews as part of an Agile team, contributing to continuous improvement in test processes and strategies.
- Wrote and maintained clear and detailed test documentation, including test cases, test plans, and defect logs, ensuring complete test coverage.

❖ QA Engineer-Trainee

Threecolts India Private Limited, Lucknow.
02/2025 – 7/2025

- Assisted in the design, execution, and maintenance of manual test cases for web applications and APIs.
- Performed functional and regression testing to identify defects and ensure software meets specifications.
- Reported defects, tracked their resolution, and verified bug fixes in collaboration with developers using JIRA.
- Supported the creation of detailed test plans and test scripts, ensuring comprehensive test coverage.
- Participated in daily stand-up meetings and sprint reviews, adhering to Agile best practices.
- Conducted cross-browser testing to ensure consistency and user experience across different platforms.
- Assisted in SQL-based data validation and verified the accuracy of data in databases.
