Education

Galgotias University Master of Computer Application CGPA: 8.5	2022 - 2024
Maharaja Agrasen Himalayan Gharwal University Bachelor of Science (PCM) Percentage: 65%	2019 - 2022
Green Field Academy CBSE (Class XII), Aggregate: 61	2018
Green Field Academy CBSE (Class X), CGPA: 9.6	2016

Skills

Python | Java (OOPS) | HTML | CSS | Tailwind CSS | JavaScript | React | Redux | MySQL | Git & Github | Operating System | Software Engineering

Work Experience

Cognifyz Front-end Development Intern (Virtual) This internship equipped me with hands-on experience in applying front-end technologies (HTML, CSS, JS, React etc.) to real-world problems. I developed a deeper understanding of methodologies and gained proficiency in using tools.	April'24- May'24.
Froyo Technologies Analyst Intern (Inoffice) Supported data analysis and visualization efforts as an Analyst Intern, contributing to actionable insights for business decision-making. Utilized statistical tools and techniques to extract meaningful patterns from datasets.	July'23 – Sep'23

Projects

MAJESTIC MATHURA - Developed a responsive website "Majestic Mathura" using HTML, CSS, and JavaScript, showcasing the cultural heritage and tourist attractions of Mathura. - Implemented dynamic features such as interactive maps, image carousels, and contact forms to enhance user engagement and functionality. - Ensured cross-browser compatibility and optimized performance for seamless browsing experience across various devices.	April'24
MULTI VENDOR ECOMMERCE - Developed a multi-vendor e-commerce platform using React.js and Express.js, facilitating seamless transactions between users and vendors. - Implemented React Hooks, Redux, and async/await for efficient state management and integrated React Router 6 and Axios for smooth navigation and data handling. - Designed a responsive UI with Tailwind CSS, focusing on user experience by incorporating features like Wishlist's, cart management, and secure checkout systems, enhancing overall usability and satisfaction.	May'24 – Present

Academic and Extracurricular Achievements

- I published my research paper titled "Exploring Advantages and Difficulties of Internet of Things in Healthcare" at the IEEE Conference which was held at IIT, Delhi.
- I presented my research paper titled "Forecasting the Relative Regional Air Volume Variation Using Lung CTs from Healthy Humans Using Machine Learning" at the IEEE Conference which was held at Velammal Institute of Technology, Chennai.

Certifications

- The Complete Web Development Bootcamp (Udemy)**
- Project Management Fundamentals (IBM Skills Build)**
- Python Foundation (Geeks for Geeks)**
- Cloud Foundations (AWS Academy)**
