OBJECTIVE

"Dynamic Python Programmer with a 3-year Diploma in Computer Science and Engineering from Government Polytechnic Mau. I've successfully executed 2 Python projects, showcasing practical application of my skills. Eager to delve into new technologies, I possess proficiency in C, HTML, Java, E-Commerce, Digital Marketing, Software Engineering, Web Development using PHP, Computer Architecture, and more. My educational background includes excellence in high school, 12th, and a BA with a focus on Scholastic and Hindi Education. Committed to continuous learning, I bring a versatile skill set and a passion for innovation to any project. Ready to contribute to dynamic teams and seeking opportunities that align with my technical prowess.
