Professional Summary

Motivated and detail-oriented Frontend Developer with a strong foundation in modern web technologies, including HTML, CSS, JavaScript, and frameworks like React and Angular.

Passionate about creating responsive, user-friendly interfaces and delivering seamless user experiences.

Fresher Experience

Developed a project SCM 2.0, a user management system that stores user details and supports login via Google, LinkedIn, GitHub, and manual authentication.

Implemented the frontend using HTML, CSS, JavaScript, Java, C, C++ and Tailwind CSS, and integrated backend functionality with Thyme leaf for dynamic rendering.

Awards, Seminars, & Other Skills

- ♦ Multiplayer Game Development Bootcamp
- ♦ Immersive Coding Bootcamp
- ♦ Web Development Foundations
