EDUCATION

Siksha 'O' Anusandhan Deemed to be University B.Tech in Computer Science Engineering (CGPA: 9.33 till 6th SEM)	Nov. 2021 – Present Bhubaneswar, Odisha
Kapilvastu Shanti Niketan Boarding High School SEE Class X Percentage: 76.25%	Mar. 2017– Apr. 2018 Taulihawa, Nepal
Tilottama Secondary School NEB Class XII Percentage: 82.25%	Mar. 2019 – Apr. 2020 Butwal, Nepal

RELEVANT COURSEWORK

Object Oriented Programming	Operating System	
Data Structures and Algorithms	Computer Networking	Database Management Systems

PROJECTS

ServiceAny | HTML, CSS, Bootstrap, Php, MySQL

- Developed an online application to manage daily operations of a service center.
- Implemented features like product/parts records and customer billing.
- Included an admin login for system monitoring and management.
- Enabled functionalities such as work assignment, technician management, and product inventory control.
- Used MySQL for database storage and management.
- Generated detailed reports, including product sales and service/work reports.

Siksha (E-Learning Management System)

- Developed an advanced E-Learning Management System to optimize online education, focusing on the efficient management of study materials, student records, and payment transactions.
- **Administrator Portal:** Provided tools for comprehensive course management (search, add, edit), real-time payment tracking, detailed reporting (sales and performance metrics), and secure change password functionality.
- **Student Portal:** Enabled students to access purchased courses, track their progress, provide feedback, and change their passwords for enhanced account security.
- Designed databases to efficiently store and retrieve user data, course info, and payment records.
- **Integrated** a secure payment gateway to ensure smooth and reliable transaction processing.

TECHNICAL SKILLS

- **Languages:** Java, C, HTML, CSS, Php
- **Tools and OS:** Linux, VS Code
- **Database:** PostgreSQL
- **Cloud Platforms:** Amazon Web Services(AWS)

CERTIFICATIONS

AWS Academy Graduate: AWS Academy Cloud Foundations | AWS Academy

- Learned the basics of AWS cloud services, including important tools like EC2, understanding security, and how AWS manages global infrastructure and pricing.

Java to Develop Programming Skills | Udemy

- Completed Java Certification, demonstrating proficiency in core Java concepts and Object-Oriented Programming (OOP), data Structure.
