Experience

Data Analytics Intern

ABC Analytics Solutions, Lucknow — Jul 2023 to Jun 2024

- Assisted in the data lifecycle, including data collection, cleaning, validation, and reporting.
- Conducted custom analysis of datasets to identify anomalies, trends, and business insights.
- Created dashboards and reports in Google Sheets to support internal decision-making.

- Documented processes and shared knowledge materials for training and collaboration.
- I partnered with team members to solve real-world business problems using data-driven approaches.

Skills

- * Data Analysis & Reporting: Identifying patterns, anomalies, actionable insights
- * Data Lifecycle Knowledge: Data collection, cleaning, processing, visualization
- * Tools & Applications: Google Workspace (Docs, Sheets, Gmail, Chrome), Microsoft Office
- * Programming Knowledge: Basic SQL, statistical methods, data management concepts
- * Problem Solving: Critical thinking, quantifying business impact, root cause analysis
- * Collaboration & Communication: Team-based projects, knowledge sharing, fluent English

Projects & Academic Work

- * Mathematical Data Analysis (Academic Project): Applied statistical methods to analyze datasets, interpret results, and prepare structured findings.
- * Spreadsheet-Based Tracking & Reporting: Designed spreadsheets for academic projects, enabling organized data tracking and clear visual summaries.

Strengths

- * Strong attention to detail and accuracy in data handling
- * Quick learner with adaptability to new tools and ambiguous tasks
- * Enthusiastic about continuous learning and career growth in Data Analytics
