Objective

Passionate and detail-oriented Data Science student with a solid foundation in data analysis, statistical modeling, and machine learning. Currently pursuing an MTech in Data Science from Amity University Haryana, I am eager to apply my academic knowledge and hands-on project experience to a Data Analyst/Data Scientist role at a forward-thinking company. Adept at using tools such as Python, R, SQL, and Excel, I am excited to contribute my skills and enthusiasm to solve real-world business problems

EDUCATION

M.Tech in Data Science (9/10)

Amity University Haryana

Gurugram,Haryana |2024 - 2026

Master of Science in Mathematics(8.8/10)

Karnataka University Dharwad

Dharwad , Karnataka |2020 - 2022

COURSE WORK

Big Data

Data Mining and Predictive Analytics

Data Visualization

Statistical Modeling

Data Base Management System

Data Structures and Algorithms

Digital Computer Organization

Mathematics

Machine Learning

SKILLS

Python , C , SQL , MATLAB , PL/SQL , Hadoop , R , EXCEL

PyTorch: tensor, Dataset and Data Augmentation

TECHNICAL CERTIFICATIONS

DATABASE MANAGEMENT SYSTEM BY UDEMY

Python and c Programming_

NPTEL Jan-Apr 2025:Introduction to Machine Learning IITM Course(Elite).

Machine Learning using Python by Udemy.

Online Winter Faculty Development Program on Data Sciences for ALL By Electronics & ICT Academy, IIT Guwahati / IIT Roorkee / IIITDM Jabalpur/ MNIT Jaipur/ NIT Patna

PROJECT

M.Sc Project

Colouring of Graph theory and it's application's :

- **GSM Network Frequency Allocation:**
- Applied graph theory (graph coloring) to optimize frequency assignment in GSM mobile networks, minimizing interference between neighboring cells
- Developed algorithms to assign frequencies efficiently, improving network coverage and capacity.
- **Map Coloring**
- Solved map coloring problems by applying graph coloring algorithms to assign distinct colors (identifiers) to regions, ensuring adjacent regions do not share the same color.
- Applied theoretical concepts like the Four Color Theorem to real-world mapping scenarios, such as electoral districts and zoning laws.

Additional

- **CSIR - UGE NET ELIGIBILITY TEST (ASSISTANCE PROFESSOR) WITH AIR :178 (2023)**
- **Language : English , Hindi , Kannada**
- **ONE YEAR TEACHING EXPERIENCE AS A MATHEMATICS LECTURER**
- **AI/ML Intern - June 2025 to july 2025**

conference and workshop

Conference : Dynamics Day Delhi

Financial Literacy And Capital Markets
