

RISHU KUMAR GUPTA

PYTHON DEVELOPER

Rohtas., Bihar | rishukumargupta8409@gmail.com | +91 - 7463906582 | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

SUMMARY

Dedicated Python Developer with expertise in backend development, specializing in Django, Django Ninja, and DRF. Proven track record of developing 10+ APIs that enhanced efficiency by 25% and integrating third-party services, improving operational performance by 15%. Currently employed at Netzary Infodynamics, where I optimize backend solutions to drive business success. Committed to leveraging data-driven approaches to develop scalable applications and contribute to impactful projects.

TECHNICAL SKILLS

Python	Django Rest Frameworks	SQL
Django	Linux OS	Machine Learning
Django Ninja	Postman	Tensorflow
HTMX	Bootstrap	GitHub, VS Code , Thunder Client

PROFESSIONAL EXPERIENCE

Python Developer, Netzary InfoDynamic IT Services and IT Consulting

Oct 2024 - Present

- Developed 10+ APIs using Django, Django Ninja, and Django Rest Framework (DRF), which enhanced backend efficiency by 25%. These APIs facilitated seamless data exchange and improved overall system performance for web applications.
- Integrated 5+ third-party services into existing applications, increasing operational efficiency by 15%. This integration not only enhanced application functionality but also streamlined processes for end-users.
- Successfully delivered 1 major projects on time and within budget, leading to improved client satisfaction and establishing long-term business relationships. Collaborated closely with stakeholders to align project goals with client needs.
- Optimized PostgreSQL schemas and crafted efficient SQL queries, cutting query response times by 20%. This optimization improved data retrieval times and enhanced the performance of data-driven applications.
- Collaborated with cross-functional teams to design and implement best practices for API development and database management, ensuring high-quality deliverables and adherence to industry standards.
- Conducted code reviews and provided mentorship to junior developers, fostering a culture of continuous improvement and knowledge sharing within the team.
- Refactored legacy code to improve performance, resulting in a 30% reduction in application load times. This effort significantly enhanced user experience and reduced server resource consumption, allowing for greater scalability.

Data Science Trainee, A.N.D IT Services and IT Consulting

Sept 2023 - Jan 2024

- Developed comprehensive instructional materials that led to a 30% improvement in student comprehension and understanding of complex data science concepts. These materials included detailed guides, visual aids, and practical examples tailored to diverse learning styles.
- Executed interactive workshops designed to enhance participant proficiency by 20% in key data science tools and methodologies. Facilitated hands-on exercises that allowed attendees to apply their knowledge in real-world scenarios, reinforcing learning outcomes.
- Offered personalized support to students and team members, resulting in a 25% increase in project success rates. This involved one-on-one mentoring sessions, targeted feedback, and resources tailored to individual needs, significantly boosting overall performance.
- Analyzed data trends to enhance curriculum effectiveness, identifying key areas for improvement based on participant performance and feedback. Leveraged analytical tools to assess training impact and inform data-driven decisions for curriculum development.
- Participated in regular team meetings to discuss training outcomes, share best practices.

EDUCATION

Bachelor of computer application

June 2021 - June 2024

KL University, Vijayawada, Andhra Pradesh

- Gained solid skills in Python, Django, REST APIs, and database management.
- Hands-on experience with Linux OS, GitLab, and machine learning tools.

Intermediate of commerce

May 2019 - May 2021

S. P. College, Sasaram, Bihar

- Built a foundational understanding of commerce principles and developed analytical and problem-solving skills.

ADDITIONAL INFORMATION

- **Languages:** English, Hindi, Bhojpuri.
- **Certifications:** Microsoft Data Scientist associate, Az-900.
- **Publication:** Predicting Chronic Kidney Disease Progression using Classification and Ensemble Learning, Springer Journal, paper id - 122
