TECHNICAL SKILLS

Languages: C, Python, Basic java,Sql

Libraries/Tools: Scikit-learn, TensorFlow, Pandas, NumPy, Matplotlib, Seaborn

Core Subject: Data Structures and Algorithms, DBMS

Machine Learning: Supervised/Unsupervised Learning, Regression, Classification, Clustering

Soft Skills: Problem-solving, Communication, Teamwork

PROJECTS

Face Emotion Detection | Machine Learning | [github link](#) October 2024 - Present

- Developed a **Face Emotion Detection** model using **Convolutional Neural Networks (CNN)** to classify emotions from facial expressions.
- Preprocessed image data, including **resizing**, **normalization**, and **augmentation** to improve model performance.
- Evaluated model accuracy and performance on a real-world emotion detection dataset.

Movie Recommendation System | [github link](#) November 2023 - February 2024

- Developed a **Movie Recommendation System** using **Cosine Similarity** to recommend movies based on user preferences and ratings.
- Preprocessed data using techniques like **TF-IDF** and **Vectorization** to convert movie features into numerical representations.
- Evaluated the model's performance by recommending top movies based on similarity scores and improving accuracy using user-item interactions.

Message Spam Detection | [github link](#) March 2023 - August 2023

- Developed a **Spam Detection** model using **Logistic Regression** to classify emails as spam or non-spam.
- Preprocessed text data using **Vectorization** to convert text into numerical features.
- Evaluated model performance **based on accuracy** for effective spam classification.

EDUCATION

SRMS College of Engineering and Technology (AKTU)

Bachelor of Technology (CSE)

Uttar Pradesh, India

October 2021 - Current

Radha Madhav Public School

XII grade

Uttar Pradesh, India

April 2020 - March 2021

Radha Madhav Public School

X grade

Uttar Pradesh, India

April 2018 - March 2019

EXPERIENCE

Ducat India | Data Science Intern

July 2024 - August 2024

- Key Skills: Python, SQL, Tkinter, Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn, Stastics with **1** project completed.
- Built a **house price prediction model** using **Random Forest** to predict prices based on features like square footage and location. Preprocessed data and evaluated model performance using **cross-validation** and **R²**.

Softpro India Computer Technologies (P) Ltd | Python With Django Intern

- Key Skills: Python, SQL, Django with **1** project.
- Built a clone of Nou e-gyan portal with Html,Css,Python and Django .

SCHOLARSHIP ACHIEVEMENTS

- Rewarded an entry-level scholarship of 30,000/- for the SRMS Engineering Entrance Test (SRMS EET).

EXTRA-CURRICULAR ACTIVITIES

- Hobbies: Badminton, Chess, Travelling .
- Exploring new Thing in Mobile Browser.
