

PROFESIONAL SUMMARY

As an aspiring software developer, I am a recent graduate who is eager to make a meaningful impact in the world of technology. My academic journey equipped me with a strong foundation in computer science and software development. With a genuine passion for coding and an insatiable curiosity for emerging technologies, I am driven to excel in the world of software development. During my academic years, I actively participated in coding competitions, personal projects, and internships that allowed me to apply theoretical knowledge to real-world scenarios.
