## INTRODUCTION

Passionate Java Full Stack Developer skilled in Spring Boot, React.js, Hibernate, JPA, and MySQL, with hands-on experience in designing and deploying scalable web applications. Proficient in API development, frontend integration, and responsive UI design. Adept at transforming business requirements into efficient digital solutions with a focus on performance, security, and user experience.

## EXPERIENCE

### Software Development Intern

08/2023 - 02/2024

#### Goalpy

Software Development Company

- Designed and implemented backend REST APIs using Java and Spring Boot
- Developed database schemas and optimized MySQL queries for performance and scalability
- Collaborated with a team using Git version control and code reviews
- Participated in end-to-end full-stack application development, including debugging, testing, and deployment

## PROJECTS

### Plant Disease Classification (Capstone)

- Developed a web application for classifying plant diseases using machine learning technology
- Built full-stack application with React.js frontend and Spring Boot backend
- Implemented machine learning model integration for accurate disease detection

### Smart Rental Property Management System

- Developed full-stack web application using Spring Boot, React.js, and MySQL
- Implemented user authentication, online rent payment, PDF receipts, and email reminders
- Created admin dashboard for automatic rent increment and maintenance tracking

### Personal Portfolio Website

- Designed responsive React.js portfolio to showcase skills and projects
- Built Spring Boot dashboard with admin login and CRUD operations for skill management
- Implemented modern UI/UX design principles for optimal user experience

## KEY ACHIEVEMENTS

- Winner** – Next Gen App Contest 2025 for developing an innovative Blood Donation Web Application
- Finalist** – RIT Hackathon 2025, recognized for creative problem-solving and full-stack project execution
- Contributed to a successful startup project, delivering scalable features using Spring Boot and React.js

## EDUCATION

**B.Tech in Computer Science and Engineering**  
**Rajarambapu Institute of Technology**  
2022 – 2026  
**CGPA: 7.30**

## TECHNICAL SKILLS

- Languages & Frameworks:**
  - Java, Spring Boot, Hibernate, JPA
  - React.js, HTML, CSS, JavaScript
- Database:**
  - MySQL
- Tools & Technologies:**
  - Git, GitHub, Postman, REST API

## LANGUAGES

- English
- Nepali
- Hindi

## SOFT SKILLS

- Team management and collaboration
- Strong communication and presentation skills
- Problem-solving and analytical thinking

## DEVELOPMENT EXPERTISE

- Full-Stack Web Development
- API Integration and Development
- Responsive UI/UX Design
