OBJECTIVE

I recently graduated with a B.Tech in Computer Science from IILM College of Engineering and Technology. I'm exploring different career opportunities to find the best fit for my skills and interests. I have a strong attention to detail and thrive in organized environments. I prefer to focus on tasks thoroughly and methodically.

Education

IILM College of Engineering and Technology, GREATER NOIDA (2020-2024)

- Secured 79% in B.tech Computer Science

Rani Laxmi Bai Memorial School, LUCKNOW

- Secured 82.8% in 12th grade CBSE Board (2018-2019)
- Secured 95% in 10th grade CBSE Board. (2016-2017)

WORK EXPERIENCE

- **Associate Cloud Consultant- Trainee at Mismo Systems (Feb2024 - Aug2024)**

As an Associate Cloud Consultant, I was involved in setting up and monitoring alerts, optimizing costs, and joining Active Directory domains. I ensured the scalability of virtual machines, installed VPNs, configured Tally, and set up policy settings, including MFA. I interacted directly with clients, resolving issues like password resets, and creating preventative maintenance reports to optimize their cloud infrastructure. My role focused on keeping everything running smoothly and efficiently while addressing client needs.

ACADEMIC PROJECT

Phishing Detection System

- The idea is to make an efficient phishing detector for Chrome and Firefox browsers that will help all laptop and computer or mobile users avoid faulty websites.

College Information Bot

- The idea was to make a successful College Information Bot that clears the doubts of students about college-related issues from their homes using AI, Python, and JavaScript.

SKILLS AND ABILITIES

- Microsoft Azure
- Active Directory
- Communication Skill
- Collaboration And Team Work
