ABOUT ME

Aspiring Data Analyst with hands-on experience in Python, SQL, Excel, and Power BI. Skilled in data cleaning, visualization, and dashboard development. Passionate about extracting insights from data to support business decisions.

TECHNICAL SKILLS

- Python
- SQL (MySQL, SQLite)
- Excel (Pivot, Tables, VLOOKUP)
- Power BI
- Data Cleaning & Visualization
- Dashboard Development

PROJECTS

Portfolio

Tech Stack: Tech Stack: HTML, CSS, JavaScript, GitHub, Vercel

- Developed and deployed a responsive portfolio website showcasing projects, technical skills, and certifications.
- Implemented modern UI design with interactive animations and fully responsive layouts for better user experience.
- Integrated GitHub projects and optimized the website deployment using Vercel.

DataAnalyzerPro — Enterprise Data Analysis Platform

Tech Stack: Python, Streamlit, Pandas, Plotly, scikit-learn, SQLite

- Developed a data analytics web application to upload, clean, and analyze CSV/Excel datasets with interactive visualizations.
- Implemented secure user authentication, dashboard creation, and data insights features for real-world analytics workflows.
- Deployed the application on Streamlit Cloud and managed version control using GitHub.

IPL Analytics Dashboard

Tech Stack: HTML, CSS, JavaScript, Chart.js, GitHub Pages

- Designed responsive dashboard UI with interactive charts and modern data visualizations.
- Implemented season-wise filtering, KPI cards, team analysis, and statistical insights.
- Visualized IPL data using bar charts, line charts, doughnut charts, and timelines.
- Deployed the project using GitHub Pages for live accessibility.

EDUCATION

Bachelor of Technology (Information Technology)

Dr. APJ Abdul Kalam Technical University

Sep 2022 - Sep 2026 | CGPA : 6.9

Schooling

High School (2020) | Percentage 83.33%

Intermediate (2022) | Percentage: 76.2%

ADDITIONAL INFORMATION

• **Certifications:**

1. Data Analysis Intern — Cognifyz Technologies (Intern ID: CTI/A1/C243755) | Nov — Dec 2025
2. Certificate of Excellence (Grade A) — Python with Data Science (Digipodium) | Jul–Aug 2025
3. Certificate of Accomplishment— SQL Intermediate (HackerRank) | Jan 2026

• **Languages:** English, Hindi
