PROFESSIONAL SUMMARY

Computer Science Engineering graduate with strong skills in Python, Java, SQL, Data Analysis, and Web Development. Experienced in building responsive web applications, AI-based solutions, and data-driven projects. Seeking opportunities as a Software Developer or Data Analyst.

EDUCATION

B.Tech. - Computer Science and Engineering, IES UNIVERSITY 2022 – 2026
CGPA:- 7.90 BHOPAL

SKILLS

Languages Python ,Java ,C	Data Analytsis SQL, Power BI, Excel
Web Development HTML, CSS, JavaScript, Bootstrap	Databases SQL
Developer Tools VS code, GitHub, Jupyter Notebook	

PROJECTS

GymLogix  , *python,html,CSS,JS*
Gymlogix is an innovative digital platform aimed at connecting users with gyms, fitness trainers, and wellness services. The project focuses on promoting a healthier lifestyle through digital engagement, personalized fitness content, and easy access to fitness resources.

Sales Dashboard Analysis, SQL, Power BI, Excel
* Analyzed and cleaned sales data using SQL and Excel.
* Developed an interactive Power BI dashboard to track sales and profit trends.
* Identified top-performing products and regions through data analysis.
* Created KPI reports and visualizations to support business decision-making.

Audio to text converter  , *python*
Integrated Google Speech Recognition API (or offline alternatives like CMU Sphinx) to transcribe audio accurately.

Portfolio  , *HTML, CSS, Js, BootStrap*
Built a responsive personal portfolio website to showcase my projects and skills. Used HTML, CSS, and Bootstrap for layout and design, and JavaScript for interactive features.

CERTIFICATES

Introduction to Cloud Computing by Infosys 
Successfully completed a foundational course covering core concepts, deployment models, and applications of cloud computing.

GenAI Powered Data Analytics by Forage 

- Completed practical tasks in exploratory data analysis, risk profiling, and delinquency prediction using AI
- Produced business reports and applied data storytelling for collections strategy
- Implemented an AI-driven collections strategy

ACHIEVEMENTS

Gold Medalist in District-Level Volleyball Tournament.	Completed professional training at a Cricket Academy, demonstrating teamwork, leadership, discipline, and time-management skills.
