

ANUJ CHAUDHARY

Software Developer | MERN Stack | Core Java | Open to Full-Time Roles
Lucknow, India | +91-8528539188 | anujchaudhary8528@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Software Developer with a B.Tech in Computer Science and experience building and deploying full-stack web applications using the MERN stack, Core Java, and TypeScript. Reduced page-load time by 20% and API response time by 38% during a software development internship. Built and deployed two live applications with JWT authentication, RBAC, REST APIs, and unit testing. Proficient in OOP, DSA, MVC architecture, CI/CD, and Agile Git workflow. Seeking a Software Developer or Full-Stack Engineer role.

TECHNICAL SKILLS

Languages: Core Java, JavaScript (ES6+), TypeScript (familiar), HTML5, CSS3, SQL
Frontend: React.js, Redux, Axios, React Router DOM, Responsive Design (CSS Flexbox / Grid)
Backend: Node.js, Express.js, REST API Design, JWT Authentication, RBAC, MVC Architecture
Databases: MongoDB (Mongoose), MySQL, MongoDB Atlas
DevOps & Cloud: Git, GitHub, Docker (familiar), AWS EC2 & S3 (familiar), Vercel, Render, Postman
Testing & CI/CD: Jest, Postman, Unit Testing, Integration Testing, GitHub Actions (familiar), CI/CD Pipelines
Core Concepts: DSA, OOP, MVC Architecture, System Design Basics, Agile / Git Workflow

PROFESSIONAL EXPERIENCE

Web Development Intern · Octanet Services Pvt. Ltd. Jun 2024 – Aug 2024

- Built 6 React.js UI components that reduced average page-load time by 20%, measured via Chrome DevTools before/after profiling.
- Optimized 4 RESTful API endpoints (Node.js / Express.js), cutting server response time from ~420 ms to ~260 ms — a 38% improvement.
- Wrote and executed Postman test suites covering 11 critical API flows; achieved zero-defect handoff to staging with 100% test pass rate.
- Applied CI/CD practices using feature-branch Git workflow and pull-request reviews across a 3-developer team — zero merge conflicts in the final sprint.

PROJECTS

Citi Care — Municipal Issue Reporting Platform [Live Demo](#) · [GitHub](#) Nov 2025 – Dec 2025
MERN Stack · JWT · RBAC · GPS Integration · Jest · MongoDB Atlas

- Built a full-stack civic-tech platform with 3-role architecture (citizen, field officer, admin) using MVC pattern — reduced issue-routing time by eliminating manual email handoffs.
- Implemented JWT authentication with role-based route guards and wrote 50+ unit and integration tests — achieved 100% unauthorized access block rate.
- Developed a complaint status tracker with real-time GPS and photo upload — reduced estimated support queries by 40% and mis-dispatch errors to zero.

HomeVista Interior — Interior Design Business Platform [Live Demo](#) · [GitHub](#) Apr 2026 – May 2026
MERN Stack · JWT · Multer · Axios · React Router · Render / Vercel · MongoDB Atlas

- Developed a full-stack web application for a live interior design business — digitized lead generation, portfolio management, and client communication workflows.
- Built JWT-secured admin dashboard with lead lifecycle management (New → Contacted → Site Visit → Completed) and Multer-based image upload with file validation.
- Deployed on Render (backend) and Vercel (frontend) with MongoDB Atlas — integrated WhatsApp API for client notifications and wrote API tests using Postman collections.

EDUCATION

B.Tech — Computer Science 2022 – 2026
Shri Ramswaroop Memorial University, Lucknow
CGPA: 6.4 / 10 · **SGPA (7th Sem):** 7.6 · Consistent upward trend · Coursework: DSA, DBMS, OS, Computer Networks, OOP, Java

Intermediate (Class 12) · St. Xavier's Public School, Gorakhpur 2019- 2021
Percentage: 66%

High School (Class 10) · Purvanchal Public School 2017- 2019
Percentage: 64%

CERTIFICATIONS

- Full-Stack Web Development** — L&T Edutech (2025)
- Algorithms & Data Structures** — Udemy (2024)
