PROFESSIONAL SUMMARY

Results-driven Web Developer currently pursuing a **B.Tech in Computer Science** with strong foundational skills in **JavaScript, HTML5, CSS3, and React.js**. Practical experience includes developing **full-stack MERN** applications, notably an e-commerce platform featuring **25+ pages/components** and **15+ secure REST API endpoints**. Ready to leverage expertise in a collaborative environment.

WORK EXPERIENCES

MERN Stack Intern | Internship

Mar 2026 - Apr 2026

Web Stack Academy

Remote • Himachal Pradesh

- Completed a **30-day MERN Stack internship** covering MongoDB, Express.js, React.js, and Node.js through hands-on project development.
- Developed **1 full-stack web application** using React.js, Express.js, and MongoDB with reusable components and responsive UI design.
- Built and integrated **10+ RESTful API endpoints** for authentication, CRUD operations, and frontend-backend communication.
- Strengthened skills in **API integration, database management, authentication, and responsive web development** by implementing multiple real-world application features.

Technologies / Skills Used : MongoDB, Express.js, React.js, Node.js

PROJECTS

NexCart – E-Commerce Web Application | 🌐 Website

Jan 2026 - May 2026

Academic Project

- Developed a full-stack **MERN Stack Developer** e-commerce platform with a responsive UI comprising **25+ pages/components**.
- Implemented **JWT authentication, OTP login, role-based access control, and 15+ secure REST API endpoints**.
- Built **6+ core modules** including product management, cart, wishlist, reviews (image/video upload), and address management.
- Integrated **Stripe Payment Gateway and Cash on Delivery (COD)** with order tracking and automated email confirmation.
- Developed an **Admin Dashboard** for managing **users, products, inventory, and orders** with search and filtering functionality.
- Optimized performance using **reusable React components, Context API, and responsive design**, improving maintainability and user experience.

Technologies / Tools Used : React.js, JavaScript (ES6+), Node.js, Express.js, MongoDB, Tailwind CSS, Shadcn UI, RESTful APIs

Shopiverse - E-Commerce Web Application | 🐙 Github

Feb 2025 - Mar 2025

Academic Project

- Developed a responsive e-commerce web application using **HTML, CSS, and JavaScript** with **10+ interactive UI components**.
- Created and integrated **5+ custom APIs** to dynamically add, manage, and display products.
- Implemented dynamic product rendering and **CRUD functionality** for efficient product management and improved frontend performance.
- Designed a scalable and user-friendly interface with **responsive layouts, search functionality, and smooth user interactions** across devices.

Technologies / Tools Used : HTML, CSS, JavaScript, REST API

Pg Life - Full Stack Web Application | 🐙 Github

Jun 2022 - Jul 2022

Training Project

- Developed a full-stack PG accommodation web application using **React.js, PHP, MySQL, HTML, CSS, and Bootstrap** with **15+ responsive web pages**.
- Implemented **secure user authentication** and dynamic PG listing functionality integrated with **10+ backend APIs**.
- Built **search, filter, and property management modules**, enabling users to quickly find suitable accommodations.
- Designed a responsive interface with **mobile-friendly layouts, secure data handling, and seamless frontend-backend communication** for an improved user experience.

Technologies / Tools Used : HTML, CSS, Bootstrap, JavaScript, React.js, PHP, MySQL, Xampp

SKILLS

Databases :	MySQL, MongoDB
Frameworks & Libraries :	React.js, Express, Tailwind CSS
Languages :	English, Hindi
Programming Languages :	C, C++, HTML5, CSS3, JavaScript
Soft Skills :	Responsive Web Design, API Integration, Performance Optimization, Problem Solving, Adaptability
Tools & Platforms :	Bootstrap, Tailwind CSS, Node.js, Git, GitHub, Postman

EDUCATIONS

Baddi University of Emerging Sciences & Technology | Himachal Pradesh

Sep 2021 - Jun 2026

B.Tech in Computer Science

CGPA : 7.1/10.0

- B.Tech in Computer Science from Baddi University of Emerging Sciences & Technology, CGPA: 7.1/10.0, 2022 - 2026

Royal Public Sr. Sec. School | Himachal Pradesh

2021-01-01 - 2022-01-01

Class XII

CGPA : 71%

- Class XII from Royal Public Sr. Sec. School, Percentage: 71%, 2021 - 2022

Bal Niketan Jr High School | Uttar Pradesh

2017-01-01 - 2018-01-01

Class X

CGPA : 8.6/10.0

- Class X from Bal Niketan Jr High School, CGPA: 8.6/10.0, 2017 - 2018

CERTIFICATIONS

- Full Stack Web Development – Internshala**
 - Learned HTML, CSS, JavaScript, Bootstrap, PHP, and MySQL through hands-on projects and guided modules.
- MERN Stack Development – Web Stack Academy**
 - Gained practical knowledge of MongoDB, Express.js, React.js, and Node.js by building full-stack applications.
- Data Structures & Algorithms in C++ – Self Learning**
 - Studied arrays, linked lists, stacks, queues, trees, sorting, and searching algorithms.
- Python Programming – Simplilearn**
 - Learned Python fundamentals along with NumPy, Pandas, and Matplotlib for data analysis and visualization.
