PROFESSIONAL SUMMARY

B.Tech Computer Science & Engineering (Artificial Intelligence) student with hands-on experience building full-stack and AI-powered applications using Python, React.js, and Django REST Framework. Skilled in developing REST APIs, integrating machine learning and generative AI models, and building end-to-end web applications. Strong problem-solving ability and quick learner, seeking a Software Developer / AI-ML Developer role to apply technical and analytical skills in a professional environment.

TECHNICAL SKILLS

Programming: Python, JavaScript, SQL
Frontend: React.js, HTML, CSS, Tailwind CSS
Backend: FastAPI, Django, Django REST Framework
Database: SQL, PostgreSQL, SQLite
AI/ML: Machine Learning, Generative AI, LLM, Ollama
Tools: Git, GitHub, VS Code, REST API
Other: JWT Authentication, API Integration, Testing & Debugging

PROFESSIONAL SKILLS

Teamwork and Communication | Problem-Solving and Critical Thinking | Project and Time Management | Testing and Debugging | Leadership and Collaboration | Quick Learning and Adaptability

RELEVANT PROJECTS

SentinelAI | *AI-Powered Intelligent Road Safety & Accident Prevention System*

- Developed an AI-based road safety system using Computer Vision, Deep Learning, and YOLO for real-time accident-risk and traffic violation detection.
- Implemented real-time monitoring, hazard detection, alerts, and safety analysis using Python, OpenCV, FastAPI, and React.js.
- Integrated REST APIs and PostgreSQL for data management and system communication.

AI Job Platform | *AI-Powered Recruitment & Career Platform*

- Developed a full-stack platform for students, job seekers, and recruiters with authentication, job search, profiles, and dashboards.
- Integrated AI Resume Analyzer, Mock Interview, Job Recommendation, and Career Roadmap features.
- Built using React.js, Django REST Framework, Python, JWT, PostgreSQL, and AI APIs.

AI Desktop Assistant Pro | *AI-Powered Automation Assistant*

- Developed an AI desktop assistant with AI Chat, PDF Summarization, Screenshot Analysis, System Monitoring, and Email Automation.
- Integrated Ollama/LLM, FastAPI, React.js, REST APIs, and SQLite for AI-powered productivity features.
- Implemented automation, testing, debugging, and frontend-backend integration.

EDUCATION

B.Tech – Computer Science & Engineering (Artificial Intelligence)

[Bansal institute of engineering & technology lucknow/AKTU] | [2023-27] | CGPA: [7.2/73]

Intermediate/High School

College name : RPJSSVMT Bazar Siddharth Nagar YEAR => (2019 - 2023) Marks => (85% / 75%)

CERTIFICATIONS

IBM Full Stack Software Developer Professional Certificate

IBM / Coursera | June 5, 2026 – August 10, 2026

Skills: HTML, CSS, JavaScript, React.js, Node.js, Python, Django, SQL, Git & GitHub, REST APIs

ACHIEVEMENTS

- Earned the IBM Full Stack Software Developer Professional Certificate from IBM/Coursera, 2026.
- Developed multiple AI-powered and full-stack projects using React.js, Python, FastAPI, Django, and AI/ML technologies.
- Demonstrated strong teamwork, problem-solving, leadership, and project management skills through academic and technical projects.
