EDUCATION

B.Tech CSE, GLA University, Mathura	May 2024
Intermediate (Science), St. Xavier's School, Gonda	May 2020
High School, St. Xavier's School, Gonda	May 2018

PROJECTS

StudyUP (Team Project)

- Led a team project as the project leader and was responsible for developing HTML components.
- Designed and developed the website using HTML, CSS, and JavaScript.
- Organized and structured comprehensive educational content to support effective learning.

Age and Gender Prediction Using Machine Learning (Team Project)

- Developed and completed an age and gender prediction project using Python.
- Managed the complete design and development process, focusing on a user-friendly and smooth interface.
- Applied image preprocessing and feature extraction techniques to improve model accuracy.

SKILLS

TECHNICAL SKILLS:

Programming Language: Java – Good understanding of Object-Oriented Programming (OOP) concepts.

Front-End: HTML | CSS | JavaScript

Databases: SQL

Data Structures & Algorithms: Basic understanding of DSA and problem-solving concepts.

Developer Tools: VS Code | Git | GitHub

ACHIEVEMENTS

- Solved 140+ problems on LeetCode, strengthening Data Structures, Algorithms, and problem-solving skills.
- Maintained a 45-day problem-solving streak on GeeksforGeeks, demonstrating consistency and commitment to continuous learning.

DECLARATION

- I hereby declare that the information provided above is true and accurate to the best of my knowledge.
