Domain Knowledge: E-Commerce, FinTech, EdTech, Healthcare, Loyalty Platforms, Digital Library

Methodologies: Agile, Scrum, Git Version Control

PROFESSIONAL EXPERIENCE

Senior Laravel Developer

Simpel Tech Pvt. Ltd. | Bangalore | Sep 2024 – Present

- Architected and deployed 6 production-grade Laravel applications — including enterprise-scale platforms serving 30 lakh+ retailers across India
- JGH Magic (Amul Hosiery — admin.jghmagic.com)** — Built a full-stack loyalty and rewards platform for Amul Hosiery serving 30 lakh+ retailers with QR-based redemption, real-time analytics dashboard, and multi-role admin panel

Salary Slip (salaryslip.co) — Automated payroll slip generation system with 10,000+ downloads; bulk record processing with PDF export and email delivery via Laravel Queues

Ek Reward (ekrewards.com) — Developed a points-based loyalty system with real-time reward tracking, referral engine, and REST API backend

Ek Loan (ekloan.in) — Engineered a FinTech portal with loan application workflows, document upload, and third-party verification API integration

Gud Grocery (gudgrocery.com) — Delivered a multi-vendor E-Commerce platform with product catalog, cart, checkout, and payment gateway integration

Digital Library (dl.asminternational.org) — Built a digital library management system with content management, role-based access, and full-text search

Integrated AI-powered features including smart document processing using OpenAI APIs and automated data extraction pipelines

Implemented Docker-based development environments and maintained secure role-based admin panels using Spatie Permissions across all projects

▸ Senior PHP Developer

Edigillence Infosolution | Ahmedabad (Remote) | Oct 2023 – Jun 2024

- **CureNearMe (curenearme.in)** — Developed an India-based healthcare portal enabling patients to find, compare, and book medical services across multiple providers and cities
- **NextMune Laboratories (nextmunelaboratories.co.uk)** — Built a Scandinavia-focused animal medical service management system (Norway, Sweden, Denmark) with appointment scheduling, lab result tracking, and reporting dashboard
- Designed and integrated multiple REST APIs for third-party health data providers, geolocation services, and medical record systems
- Performed performance tuning and query optimization, significantly improving application response times and overall stability
- Collaborated with international clients in an Agile environment — sprint planning, daily standups, and code reviews across time zones

Senior PHP Developer

Dunitech Soft Solutions (DSS Pvt. Ltd.) | Lucknow, U.P. | Dec 2022 – Sep 2023

- **BizzLane (bizzlane.com)** — Built a multi-franchise SaaS platform supporting 5-6 franchise businesses with separate storefronts, dashboards, and integrated payment systems
- **CraftsAndWeaves (craftsandweaves.com) & StarWings (starwings.live)** — Developed two ECommerce platforms with full product catalog, cart, checkout, and inventory management modules
- **SemOnlineEdu (semonlineedu.in)** — Delivered an education portal with course listings, student registration, and exam scheduling module
- Implemented multilingual support and regional compliance features for government-regulated product categories
- Delivered all project milestones on time across 4 concurrent projects with zero production incidents

PHP Developer

Arana Tech Experts | Lucknow, U.P. | Feb 2021 – Nov 2022

- Developed and maintained web applications for clients in Saudi Arabia, UAE, and India — gaining crosscultural communication and international delivery experience
- Built dynamic websites and custom CMS portals using Core PHP, MySQL, JavaScript, and jQuery for Gulf-region E-Commerce and service businesses
- Integrated payment gateways and third-party APIs for Gulf-based clients with multi-currency and multilanguage requirements
- Diagnosed and resolved complex bugs across legacy PHP codebases, improving system stability and reducing client-reported issues
