

KISHAN SHARMA

SUMMARY

Detail-oriented Senior Manual Test Engineer with extensive experience in test case design and execution. Skilled in cross-browser testing and SDLC & STLC methodologies, committed to delivering high-quality applications and enhancing user experience.

EXPERIENCE

Senior Manual Test Engineer, 05/2023 - Current

Wipro - Noida

Worked as a **Senior Manual Test Engineer at Wipro**, responsible for end-to-end manual testing activities across multiple enterprise applications in **Healthcare, Insurance, E-commerce, Technology, and Finance domains**. Experienced in ensuring application quality, functionality, usability, and reliability by following structured testing processes.

Key responsibilities:

- Worked on **functional, regression, integration, system, and user acceptance testing** for web-based applications.
- Analyzed business requirements, functional specifications, and user stories to create effective test scenarios and test cases.
- Performed **smoke testing, sanity testing, regression testing, exploratory testing, and end-to-end application validation**.
- Prepared and executed **test plans, test cases, test data, and test execution reports**.
- Participated in Agile/Scrum ceremonies including sprint planning, daily stand-ups, sprint reviews, and retrospectives.
- Collaborated with developers, business analysts, product owners, and QA teams to analyze issues and ensure timely defect resolution.

Manual QA Engineer, 03/2020 - 05/2023

HCLTech - Noida, India

Worked as a **Manual Test Engineer at HCLTech**, supporting global clients including **LinkedIn and Microsoft** for their enterprise web application products. Responsible for ensuring application quality, functionality, and user experience through comprehensive manual testing processes.

- Performed **manual testing of web applications** for client products, ensuring high-quality and stable releases.
