ABOUT ME

Computer Science Engineering student with skills in Python, Django, Django REST Framework, Flutter, and database management. Experienced in developing web and mobile applications, REST APIs, and AI-based solutions. Passionate about software development, Artificial Intelligence, and building scalable technology products.

EDUCATION

Amritsar Group of Colleges | 2022-2026

B-Tech (CSE) | CGPA 7.8

D. P. R. Inter College | 2019-2021

Intermediate (PCM) | Marks 80%

WORK EXPERIENCE

DrsMinds Trusignal Pvt. Ltd. | Nov 2025 - Mar 2026

Backend Development in Python (Project- AI Doctor Flutter App)

- Developed RESTful APIs using Django REST Framework.
- Implemented JWT-based authentication and authorization systems.
- Worked on healthcare and AI-related backend modules.
- Used Redis caching to optimize frequent database queries, reducing response time and improving application performance.
- Integrated APIs with Flutter mobile applications.
- Collaborated with frontend and AI teams to build scalable healthcare solutions.
- Participated in Flutter app development, UI implementation, API integration, and application testing.

PROJECT

AGC ERP System

Tech Stack: React, Django REST Framework, JWT

- Developed modules for students, teachers, attendance, and academic management.
- Implemented secure authentication and role-based access control.

SKILLS

- Python
- Django
- SQL/MySQL
- C / C++
- JWT
- HTML5
- React
- API's
- FastAPI
- Requests
- OOP
- Docker
- CSS3
- Flutter
