

PRIYANSHU GANGWAR

Full-Stack Developer | MERN Stack | Backend Developer

Bareilly, Uttar Pradesh • priyanshugangwar951@gmail.com , 8265972970 • [LinkedIn](#) , [GitHub](#)

Professional Summary

Full-Stack Developer with a strong focus on the MERN stack. Experienced in building full-stack web applications, REST APIs, and real-time features using React, Node.js, Express.js, and MongoDB. Familiar with authentication, Docker, and basic AWS deployment, with hands-on experience integrating AI-powered features into modern web applications.

Technical Skills

- **Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3
- **Frontend:** React, Next.js, Redux Toolkit, TanStack React Query, Tailwind CSS, GSAP, EJS
- **Backend:** Node.js, Express.js, RESTful APIs, Microservices Architecture, JWT Authentication, Multer, Brevo
- **Databases:** MongoDB, Mongoose, NoSQL, Database Indexing, Aggregation Pipeline
- **Real-Time:** Socket.io, WebSockets, SSE
- **Cloud:** Git, GitHub (Version Control), Docker, Kubernetes, AWS (ECS, ECR)
- **Developer Tools:** Postman, Vite, npm/Yarn, MongoDB Compass,
- **AI & Intelligent System:** LangChain, Generative AI Integration, Mistral AI, Gemini API, Pinecone (Vector DB), RAG, LLMs

Experience

Full-Stack MERN Developer Trainee | [Sheryians Coding School Pvt. Ltd.](#) Jan 2026 – Jun 2026 | 6 Months

- Engineered and deployed high-throughput MERN applications using RESTful architectures and MongoDB schemas.
- Optimized MongoDB queries, indexing, aggregation pipelines to improve backend performance.
- Implemented secure authentication using HTTP-only JWTs, custom rate-limiting, and RBAC.
- Implemented GenAI features using LangChain, RAG, LLMs, and Pinecone.

Projects

SETU – Secure Real-Time Collaboration Platform | [Live](#)

- **Tech Stack:** React, Node.js, Express.js, MongoDB, TanStack React Query, TipTap, JSON Web Tokens (JWT), Brevo, Socket.io, WebRTC, SSE, Playwright, LangChain, Tavily.
- **Architecture & Real-Time Sync:** Architected a scalable platform using React and Node.js. Developed a signaling server (Socket.io, WebRTC) with headless Chromium (Playwright) for low-latency (<50ms) DOM synchronization, and integrated TipTap with a 500ms debounced auto-save to optimize MongoDB writes.
- **AI Integration & Frontend Performance:** Built a context-aware AI assistant (LangChain.js, Tavily) with zero-latency SSE streaming. Enhanced UI caching via React Query and implemented client-side high-fidelity PDF rendering, achieving a 3x reduction in export file sizes via custom JPEG compression.
- **Security & Data Engineering:** Engineered a secure RESTful API with a 2-phase onboarding flow, robust session management (Argon2, HTTP-only JWTs), and custom rate-limiting. Designed scalable MongoDB schemas using TTL indexes for automated cleanup and orchestrated transactional emails via Brevo.

Quill —Synchronous Rich-Text & Infinite Vector Workspace | [Live](#)

- **Stack:** React, Node.js, Express.js, MongoDB, Socket.io, ReduxToolkit, TanStack React Query, TipTap, Excalidraw, JWT
- **Real-Time Sync Engine:** Built a concurrent collaborative workspace for simultaneous rich-text (TipTap) and vector drawing (Excalidraw). Ensured stable Socket.io synchronization by resolving race conditions via keystroke deferral gates and preventing infinite sync loops through element version checksum tracking.
- **Performance & Data Optimization:** Enhanced UI responsiveness and editing fluidity using optimistic cache updates (React Query). Optimized database operations by defining compound MongoDB indexes for efficient lookups and implementing content-specific save event debouncing.
- **Security & State Architecture:** Secured workspace sessions by implementing WebSocket authentication middleware to validate JWTs at the connection handshake stage. Streamlined frontend architecture by cleanly separating local client state (Redux Toolkit) from server-cached data (React Query)

CERTIFICATIONS

Cohort 2.0 AI Powered Job-Ready — Sheryians Coding School (Full Stack, Gen AI)

Kodr Bootcamp — Sheryians Coding School (MERN Stack, Cloud & Deployment)

Education

Bachelor of Computer Applications (BCA)

Saraswati Institute of Management and Technology (Kumaun University), Nainital | 2023 – 2026
