

PURNIMA TRIPATHI

MASTER OF COMPUTER APPLICATIONS (MCA)

+91 8081821160 purnimatripathi513@gmail.com Gorakhpur, Uttar Pradesh

PROFESSIONAL SUMMARY

Master of Computer Applications (MCA) with hands-on experience in developing web and desktop applications using Python, React.js, JavaScript, MongoDB, MySQL, and SQLite. Developed projects including a Grocery Delivery Web Application and an Inventory Management System, demonstrating strong skills in programming, database management, and problem-solving. Eager to contribute to a growth-oriented organization, learn emerging technologies, and build efficient software solutions.

EDUCATION

Master of Computer Applications (MCA) ITM GIDA, Gorakhpur Affiliated to Dr. A.P.J. Abdul Kalam Technical University (AKTU), Uttar Pradesh CGPA: 8.12/10 First Division with Honours	2026
Bachelor's Degree (B.Sc.) Siddharth University, Kapilvastu CGPA: 7.49/10	2024
Intermediate (12th) – CBSE St. Xavier's Senior Secondary School Percentage: 70%	2021
High School (10th) – CBSE Sharada Public School Percentage: 70%	2019

TECHNICAL SKILLS

Programming Languages	: Python, C, JavaScript
Web Technologies	: React.js, HTML, CSS
Databases	: MongoDB, MySQL, SQLite3
Concepts	: DBMS, OOPs, Data Structures, Problem Solving
Tools	: VS Code

PROJECTS

1. OrderNow – Grocery Delivery Web Application (Blinkit Clone)

Technologies Used: React.js, JavaScript, MongoDB

- Developed a grocery delivery web application inspired by Blinkit.
- Implemented product listing, cart management, user authentication, and order placement functionalities.
- Integrated MongoDB for storing user, product, and order data.
- Built responsive and interactive user interfaces using React.js.
- Focused on improving user experience through smooth navigation and performance optimization.

2. Inventory Management System (Desktop Application)

Technologies Used: Python, SQLite3

- Developed a desktop application to manage inventory details efficiently.
- Implemented features like Add, Edit, Delete, Search and View Records.
- Used SQLite3 for database management and data storage.
- Designed user-friendly interface and ensured data accuracy and reliability.
