Career Objective

Motivated and detail-oriented B.Sc. graduate pursuing Master of Computer Applications with proficiency in Full Stack Development and a passion for data analytics. Skilled in the MERN Stack, cloud technologies, and responsive web development with hands-on experience building modern web applications.

Education

Master of Computer Applications (MCA) Pranveer Singh Institute of Technology (PSIT), Kanpur	2025 – 2027
Bachelor of Science (Mathematics) Christ Church College, Kanpur	2022 – 2025

Technical Skills

Languages: JavaScript (ES6+), Java, Python, C, HTML5, CSS3
Frameworks & Libraries: React.js, Next.js, Node.js, Express.js, Tailwind CSS, DaisyUI, React Query, Zustand, Firebase
Databases: MongoDB, Oracle
Tools & Cloud: Git, GitHub, AWS, Vercel, REST APIs, JWT Authentication
Concepts: MERN Stack, MVC Architecture, State Management, Responsive Design, Real-Time Systems

Projects

CoinGecko CryptoTracker - Built a real-time cryptocurrency dashboard tracking live prices and market caps for 100+ cryptocurrencies. - Reduced redundant API calls by approximately 40% using React Query caching. - Implemented Suspense and Error Boundaries for robust loading and error handling.	<i>React, Zustand, React Query, DaisyUI, CoinGecko API</i>
Imagegram - Developed an Instagram-inspired social media platform. - Implemented secure authentication and real-time feed updates. - Optimized image storage and retrieval using Firebase Storage.	<i>React, Firebase Authentication, Firestore, Firebase Storage</i>
Zomato Clone - Built a fully responsive food delivery application. - Added restaurant search, filtering, and ratings. - Deployed on Vercel with fast loading performance.	<i>React, Tailwind CSS, Vercel</i>

Certifications

Full Stack Web Development – PW Skills
400+ hours covering MERN Stack, REST APIs, Cloud Deployment, and System Design.
Artificial Intelligence & AI Tools – be10x
Prompt Engineering and AI Productivity – National Institute of Electronics and Information Technology (NIELIT)

Achievements

- Solved 150+ DSA problems on LeetCode and HackerRank.
- College Magazine Editorial Board (2022–2024).
- Member of Value Education Cell.
- Participated in Mental Maths and SpellBee competitions.
- Actively building open-source projects on GitHub.

Interests

Cloud Computing | Artificial Intelligence | Financial Markets | Open Source Development | Emerging Technologies
