## EXPERIENCE

### Full Stack Java Intern - Sri Balaji Infotech

August 2025 – December 2025

- Developed and maintained scalable web applications using **Java, Spring Boot, and MySQL**, ensuring efficient backend performance.
- Designed and integrated **RESTful APIs**, authentication modules, and CRUD functionalities for seamless system communication.
- Performed debugging, testing, and code optimization while following **Agile and SDLC** best practices.

### MERN Stack Intern - Softet Solutions

January 2026 – May 2026

- Developed a full-stack **Inventory & Expiry Tracking System** using **MongoDB, Express.js, React.js, and Node.js**.
- Built responsive user interfaces and integrated backend services through **REST APIs** for inventory and stock management.
- Implemented automated expiry alerts and optimized database operations to improve application efficiency and reliability.

## EDUCATION

- **Bachelors of Computer Applications** | *Babu Banarsi Das University* | *CGPA – 8.5* 2023 – 2026
- **Class 12** | *P D Academy, Deoria UP* | *Percentage – 68%* 2022 – 2023
- **Class 10** | *P D Academy, Deoria UP* | *Percentage – 52.6%* 2020 – 2021

## PROJECTS

### Inventory & Expiry Tracking System

January 2026

- Developed a full-stack inventory management system to track stock levels, monitor product expiry dates, and generate automated expiry alerts.
- Built responsive dashboards and RESTful APIs to streamline inventory operations and improve data management efficiency
- **Tech Used:** MongoDB, Express.js, React.js, Node.js, REST APIs

### Quick Cart – Full Stack E-Commerce Platform

September 2025

- Developed a scalable e-commerce platform with secure user authentication, product management, shopping cart, and order processing functionalities.
- Integrated RESTful APIs and MySQL database while applying OOP and MVC architecture principles for efficient application performance.
- **Tech Used:** Java, Spring Boot, MySQL, HTML, CSS, JavaScript, REST APIs

### Amazon Clone – Responsive E-Commerce Frontend

April 2025

- Developed a responsive Amazon-inspired e-commerce frontend featuring product listings, navigation menus, and interactive user interface components.
- Optimized website responsiveness and user experience across desktop, tablet, and mobile devices using modern UI/UX practices.
- **Tech Used:** HTML, CSS, JavaScript

## TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript, Python, SQL
- **Frameworks & Libraries:** React.js, Spring Boot, Express.js, Bootstrap, Tailwind CSS
- **Tools & Platforms:** Git, GitHub, VS Code, Postman, Canva, Excel
- **Core Concepts:** Data Structures & Algorithms, Object-Oriented Programming (OOP), Database Management Systems (DBMS), REST APIs, Software Development Lifecycle (SDLC)
- **Additional Skills:** Problem Solving, Debugging & Testing, Team Collaboration, Communication Skills, Time Management

## CERTIFICATION

- **Database Power: Seamless Tech Integration Bootcamp** – SkillEcted April 2025
- **Unlocking AI for Everyone (Beginner)** – Microsoft & NCVET March 2026
- **Data Science for Everyone** – Microsoft April 2026

## LEADERSHIP & ACTIVITIES

- Served as an NSS Volunteer (August 2024 – May 2026), actively contributing to community development initiatives, social awareness campaigns, and outreach programs while demonstrating strong leadership, teamwork, communication, event coordination, problem-solving, and organizational skills through collaborative volunteer activities.
