EDUCATION

Dr. APJ Abdul Kalam Technical University, <i>Bachelor of Technology, Computer Science and Engineering</i>	2023 – 2027
RSBV East Vinod Nagar, Grade 12	2023
Upadhayay Convent School, Grade 10th	2021

PROFESSIONAL EXPERIENCE

AICTE, Artificial Intelligence Intern	11/2024 – 01/2025 Remote
- Selected for the prestigious TechSaksham Initiative by AICTE, Microsoft, and SAP; completed a 4-week internship focused on AI, Data Science, and Cloud Computing. - Gained hands-on experience in Python, data analysis, and Machine Learning workflows through 25+ hours of live training, assignments, and capstone projects. - Collaborated in team-based problem-solving activities and received industry mentorship on resume building, interview preparation, and career readiness. - Applied AI concepts to real-world challenges in healthcare, education, and sustainability, strengthening analytical and innovation-driven problem-solving skills.	
Digits BPO, Freelance Associate	01/2025 – 03/2025 New Delhi
- Worked as a Freelance Associate at Digits BPO & Consultancy, handling outbound client communication and promoting Demat account opening services to potential customers. - Engaged with 50+ clients daily through cold calling and follow-ups, enhancing communication, persuasion, and relationship management skills. - Developed strong sales, negotiation, and client-handling abilities while maintaining professional communication and achieving engagement targets. - Improved problem-solving and analytical thinking by identifying customer needs and providing tailored financial service solutions.	

PROJECTS

AI Mock Interview Assistant	02/2026
- Developed an AI-powered interview preparation platform that simulates real-time HR and technical interviews using NLP-based question analysis and response evaluation. - Achieved ~95% response accuracy with personalized feedback on communication, confidence, and technical skills, helping 200+ users improve interview readiness and performance scores	
AI Physiotherapy & Smart Gym Trainer	aug – 2025
- Built an AI-based fitness and rehabilitation assistant that tracks body posture, bone alignment, and muscle movements to recommend safe exercises and injury recovery routines. - Implemented real-time motion analysis with ~94% posture detection accuracy, assisting 150+ users in reducing workout injuries and improving recovery efficiency through personalized training plans.
