OBJECTIVE

To begin my career as an Associate Analyst at Deloitte, where I can apply my technical knowledge, analytical abilities, and communication skills to support global clients, contribute to problem-solving initiatives, and continuously enhance my professional and technical expertise while delivering value to the organization.

EDUCATION

Bachelor of Computer Applications, Pranveer Singh Institute of Technology, kanpur 2023-present
CGPA: 7.5

SKILLS

Technical Skills	C++, Python, SQL
Tools	Microsoft Word, Excel, PowerPoint
Concepts	Relational Database, Networking Basics
Fundamentals	Programming Foundations, Data Structures (Basics)

PROJECTS

Interactive Excel Dashboard – Real-Time Blinkit Analysis. Design an interactive Excel dashboard to analyze Blinkit (quick-commerce) data in real time. Using Power Query, Pivot Tables, Slicers, and Charts to clean, transform, and visualize data. Dynamic KPIs implemented such as order volume, delivery time, and revenue trends. Enabled stakeholders to filter data by city, category, and time period for actionable insights

AI Voice Assistant (Team Project). Collaborated with a team to develop a browser-based AI voice assistant capable of real-time speech recognition and voice responses. Designed and implemented the user interface using HTML and CSS, ensuring a responsive, accessible, and modern user experience. Worked closely with developers integrating JavaScript (Web Speech API / AI model) to synchronize visuals with voice interactions. Enhanced user engagement through animations, theming, and layout optimization.

EXTRA-CURRICULAR ACTIVITIES

- Watching Movies
- Hanging out with friends and family

LANGUAGE

- Hindi, English

CERTIFICATES

- Python (Basic) – Hackerrank
- SQL (Intermediate) – Hackerrank
- Getting Started with Microsoft Excel – Coursera
