Professional Summary

Full Stack Developer skilled in React.js, Node.js, Express.js, FastAPI, MongoDB, and SQL. Strong foundation in Data Structures, Algorithms, OOPs, DBMS, REST APIs, and responsive web development with hands-on experience building scalable web applications and AI-powered solutions.

Technical Skills

Programming Languages: JavaScript, Python, SQL, HTML5, CSS3

Frontend: React.js, JavaScript (ES6+), Tailwind CSS, HTML5, CSS3, Responsive Web Design

Backend: Node.js, Express.js, FastAPI, REST APIs, JWT Authentication

Databases: MongoDB, PostgreSQL, Firebase (Auth + Firestore)

Core CS: Data Structures, Algorithms, OOPs, DBMS, Operating Systems, Computer Networks, Problem Solving

AI/ML: CNN, NLP, TensorFlow, Keras, Hugging Face Transformers

Tools: Git, GitHub, Postman, VS Code, API Integration, Agile Development

Professional Experience

Application Support Engineer, Satoop Media Pvt. Ltd.

- Performed software testing and deployment support for healthcare applications in hospital environments.
- Managed data mapping and validation to ensure accurate integration of patient and hospital records.
- Trained hospital staff on application workflows and system functionalities.
- Collaborated with development teams to troubleshoot issues and improve application performance.

Web Development Intern, Bharat Intern

- Developed responsive web applications including a Weather Forecast App, Portfolio Website, and Netflix Login Clone.
- Integrated Firebase Authentication and third-party APIs to deliver dynamic user experiences.
- Deployed projects using GitHub and Netlify while following modern web development practices.

Projects

SnapDite – AI Food Recognition Recipe App

[\(More\)](#)

- Developed AI-powered food recognition using CNN and FastAPI.
- Integrated Spoonacular API for recipe recommendations and nutrition analysis.
- Built responsive React frontend with image upload and prediction features.

Royal Hotel – Online Hotel Booking System

[\(More\)](#)

- Developed a hotel booking platform using React.js and Firebase.
- Implemented authentication, booking management, and responsive UI.

To-Do-List

[\(More\)](#)

- Developed a full-stack task management application using React.js, Flask, and MySQL.
- Implemented JWT Authentication, secure user login, and task CRUD operations.
- Built responsive dashboard with task search, filtering, and analytics features.

Certifications

The Complete 2024 Web Development Bootcamp – Udemy (Jan 2025)

[\(Certificate\)](#)

Education

B.Tech – Computer Science Engineering

Shri Ramswaroop Memorial University, Lucknow
