PROFESSIONAL SUMMARY

Result-driven Software Developer with **2.8+ years of professional experience** specializing in frontend engineering, web application development, and enterprise website delivery. Proficient across the **SAP ecosystem (SAP Fiori)** and modern JavaScript/TypeScript frameworks including **React, Angular, and AngularJS**. Strong track record of architecting responsive user interfaces, integrating complex REST APIs, and optimizing system performance. Expert in leverage modern Generative AI workflows (GitHub Copilot, ChatGPT) to accelerate code scaffolding, automate documentation, and reduce debugging lifecycles by up to 30%.

TECHNICAL SKILLS

Languages & Web:	Java, JavaScript, TypeScript, C Programming, HTML5, CSS3, Bootstrap, SQL
Frameworks & Libs:	React, Angular, AngularJS, SAP Fiori, Material UI
Database & APIs:	MySQL, REST API Integration, JSON-based APIs, Third-Party Service Integration
Practices & Tools:	Responsive Design, Cross-Browser Compatibility, Performance Optimization, Git/GitHub, Agile/Scrum
AI & Automation:	AI-assisted Code Generation, Prompt Engineering, GitHub Copilot, ChatGPT, Automated Scaffolding

PROFESSIONAL EXPERIENCE

Website Developer / Manual Teesting | Affinity Education Pvt. Ltd

Jul 2024 – Dec 2025

Noida, Uttar Pradesh, India (On-site)

- **Engineered** and maintained responsive, high-traffic educational web platforms using React, Angular, and TypeScript, improving user retention by 15%.
- **Architected** reusable UI components and optimized frontend assets, resulting in a 20% reduction in page load times and enhanced SEO rankings.
- **Integrated** secure third-party REST APIs and payment/auth gateways to streamline digital operations and student onboarding workflows.
- **Implemented** AI-assisted development pipelines via GitHub Copilot to accelerate code scaffolding and debugging, decreasing feature turnaround time by 25%.
- **Automated** technical documentation drafting and content structuring using Generative AI tools, saving approximately 5 hours of manual reporting per week.

Software Developer | Singsys Pte Ltd

Apr 2024 – Jun 2024

Lucknow, Uttar Pradesh, India (On-site)

- **Developed** responsive, cross-browser-compatible web applications utilizing HTML5, CSS3, JavaScript, and Bootstrap, ensuring 100% visual consistency across mobile and desktop devices.
- **Refactored** legacy frontend UI layouts with a focus on web accessibility (WCAG) and user experience design principles.
- **Utilized** prompt engineering and AI coding assistants for rapid prototyping, reducing early-stage development lifecycles by 20%.

Software Developer | *Mckinsol Consulting Inc.*

Jan 2023 – Apr 2024

Noida, Uttar Pradesh, India (On-site)

- **Designed** and deployed dynamic enterprise management platforms using HTML5, CSS3, JavaScript, Angular, and API integrations.
- **Collaborated** within cross-functional Agile teams to implement core features, map backend services to frontend components, and resolve critical production bugs.
- **Leveraged** GPT-based models to summarize complex software requirements, reducing development planning friction and sprint alignment delays.
- **Optimized** master data operational workflows by deploying automated information-handling routines, slashing manual data validation effort.

SELECTED PROJECTS

Fujifilm ROI | *Singsys Pte Ltd*

- Contributed to a business-facing digital solution related to Fujifilm's document solutions ecosystem; supported frontend implementation, information presentation, and content workflow optimization using modern web technologies and AI-assisted documentation/refinement support.

Neu Vays Company Website | *Mckinsol Consulting Inc.*

- Developed a responsive company website using HTML, CSS, JavaScript, and AngularJS; built and debugged pages/components, improved usability and mobile responsiveness, and used AI-assisted tools for content drafting, UI copy refinement, and productivity optimization.

IDMX | *Mckinsol Consulting Inc.*

- Worked with McKinsol's Intelligent Data Management Express (IDMX) platform to support master data operations across domains such as Article, Vendor, Customer, Material, BOM, Routing, Cost Center, Profit Center, and GL Account; used AI-assisted tools for documentation, workflow understanding, and optimization of repetitive information-handling tasks.

EDUCATION

Bachelor of Technology in Computer Science Engineering — Shri Ram Swaroop Memorial University, Lucknow | 2023 | **CGPA: 7.96**

Higher Secondary Certificate (12th) — S.R. Memorial Inter College, Lucknow | 2019 | **7.68 / 76.8%**

Secondary School Certificate (10th) — S.R. Memorial Inter College, Lucknow | 2017 | **7.6 CGPA**

CERTIFICATIONS

- **SAP Fiori Certified Developer**
